Do you want to be a shooter?

Do you know someone who would benefit from being a shooter?

We take great pride in offering an outstanding goalie camp experience for our participants. But no goalie camp can be truly great without strong, competent shooters. While each camp has a "local coordinator" that secures our shooters, it seems we can ALWAYS UTILIZE SHOOTERS from outside our core contacts. That is why we offer this "OPEN CALL"

Shooters LEARN about what goalies do, how to score, how to be precise "placing pucks", and to shoot in volume. All while receiving a STIPEND to shoot and learn, at camp's end.

Shooter Details:

1. **All must be at least 16 years old by June 1, 2027.**
2. **All must be playing a "competitive" level of hockey, with "competitive" skills**
3. **Any skating position (non-goalie) is eligible.**
4. **All must possess a passion for the sport, to learn and for working with youngsters**
5. **All must take direction well, yet be able to "process and figure it out"**
6. **All receive a "STIPEND" for LEARNING and working on YOUR SKILLS**
7. **No transportation or accommodations are provided**
8. **Selections are *"competitive" and "time sensitive"***
9. **If selected, a contract and "shooter procedures" are provided via email**
10. **Shooter must be available for ALL 4 DAYS**
11. **Stipends are typically $100 per camp, except Nashville, CT and Lockport which are greater.**
